

ClearClimate
ENHANCING CLIMATE INFORMATION SERVICES

Workshop 1 Eyes on Climate Information Services - User Research and Applications

When: September 9 and 10, 2024

Venue: Hybrid event: University of Novi Sad Faculty of Sciences and Online

Goals:

- ✓ Equip participants with skills in designing research on climate services and co-producing knowledge.
- ✓ Provide hands-on experience in designing and conducting eye-tracking experiments using web-based technology.
- ✓ Offer practical skills and insights to shape the future of climate information services.

SPEAKERS

WAGENINGEN
UNIVERSITY & RESEARCH

Dr. Spyros Paparrizos,
Assistant Professor Water &
Climate Information Services

Adam Cellary
Co-Founder and CEO @ RealEye

**Uniwersytet
SWPS**

Prof. Dr. Krzysztof Krejtz,
Associate Professor, Head of the
Eye Tracking Research Center

Prof. Dr. Izabela Krejtz, Associate
Professor, Eye Tracking Research
Center

Day 1. 9.09.2024	
9.00-9.15	Registration
9.15-9.30	Prof. dr Biljana Basarin, UNSPMF Welcome note & ClearClimate Project presentation
9.30-10.15	Dr. Spyros Paparrizos, WU-DES "Climate services & knowledge co-production. Participatory Climate Services for water & agriculture"
10.15-10.30	Coffee break
10.30-11.00	Taking part in online eye tracking experiment
11.00-11.30	Prof. Dr Izabela Krejtz, SWPS "Gentle Introduction to User Study Methodology"
11.30-12.00	Prof. Dr. Krzysztof Krejtz, SWPS "ABC of Eye Tracking for Communication and Interaction Research"
12.00-13.30	Lunch break
13.30-14.00	Adam Cellary "Webcam-based eye-tracking user studies with RealEye" 
Hands-On session	
14.00-14.45	Dr. Spyros Paparrizos, WU-DES Presentation of study topics and stimuli for groups
14.45-14.50	Split into groups
14.50-17.00	Prepare and launch experiments **Short breaks included

Day 2. 10.09.2024	
9.00-9.15	Registration
9.15-10.15	Data collection
10.15-11.45	<i>Prof. Dr Izabela Krejtz and Prof. Dr. Krzysztof Krejtz</i> Data Analysis & Reporting
11.45-12.00	Coffee break
12.00-13.30	Data analysis in groups
13.30-15.00	Lunch break
15.00-16.00	Group Presentations
16.00-16.30	<i>Prof. Dr Izabela Krejtz and Prof. Dr. Krzysztof Krejtz</i> Plenary Discussion & Lesson Learnt

Join us for an exciting interdisciplinary workshop centered on advancing research on Climate Information Services through innovative user studies methods! This workshop will immerse participants in the art of designing research on climate services, co-producing knowledge and climate storytelling, while delving into the essentials of user research methodology with a special emphasis on psychophysiological measures such as eye tracking.

In our hands-on sessions, participants will not only learn but actively engage in designing and conducting their own eye-tracking experiments using cutting-edge web-based eye-tracking technology. Don't miss out on this opportunity to gain practical skills and insights that will shape the future of climate information services. Each participant will receive a CERTIFICATE upon successful completion of the workshop.
